Attacchi informatici al sito

www.avvocatogiovannimarchese.com

Sui richiesta dell'Avv. Giovanni Marchese, redigo questa relazione che attesta i continui attacchi che il sito www.avvocatogiovannimarchese.com riceve ogni giorno.

La lista degli attacchi, che indico di seguito, sono relativi al **solo giorno 9 Marzo 2017**.

I tentativi in questi mesi sono stati migliaia e provenienti da server ed IP di tutto il pianeta.

Gli attacchi sono finalizzati sia a rallentare il server su cui è installato il dominio, sia a tentare di "bucarlo" per accedere al suo interno (per modificarne i contenuti e danneggiarli).

Il sistema firewall e di protezione messo in atto, per ora difende il sistema, sia da attacchi Ddos che Brute Force.

La mia enorme sorpresa è che il sito dell'Avvocato non è un sito commerciale (e quindi avrebbe un qualche senso cercare di accedervi da parte di criminali) ma un semplice blog che cerca di informare.

Visto che la vicenda del Forteto, che viene trattata nel sito, è quella di maggiore risalto nazionale, mi viene naturale e spontaneo pensare che tale accanimento non possa che essere collegato a ciò, nel tentativo di oscurare, danneggiare ed ostacolare la legittima esigenza dell'avvocato di informare l'opinione pubblica su questa vicenda.

Altro episodio che mi ha molto sorpreso è stato il fatto che nei mesi passati la pagina Facebook dell'avvocato:

<https://facebook.com/avvocato.giovanni.marchese>

sia stata sospesa da Facebook senza motivazioni.

Solo dopo ripetute proteste, la pagina è stata riattivata senza alcuna motivazione.

Ecco la **lista degli attacchi** avvenuti da parte di IP e server (del solo 9 marzo 2017), che come si potrà notare avvengono da ogni angolo del mondo.

Questo mi fa pensare che sia in atto un piano criminoso e pianificato al fine di oscurare il sito in questione.
